The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and 'Aravind S.E's Account'. Below this, the 'Dashboard' section is visible, featuring a 'For you' section with five cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Set up your IBM Cloud account' (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), 'Build a Virtual Private Cloud (VPC)' (Upgrade to a paid account to create your own protected space in the IBM Cloud), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), and 'Use Speech to Text' (Easily convert the human voice into the written word for voice control, transcription, etc. with Speech to Text). Each card includes a 'Getting started' button and a duration (10 min, 7 min, 2 hr, 2 min). Below the 'For you' section, there are three more sections: 'User access' (Manage users), 'News' (Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS, TrustRadius Best Software: Five IBM Offerings to Make the List), and 'Planned maintenance' (View all). The bottom of the dashboard shows a weather widget (85°F Haze) and a taskbar with various application icons.
